*This adaptation of Tolkien's classic novel is a suspenseful, fast-paced journey through the sometimes dark, sometimes charming, always compelling world of Middle Earth. Bilbo Baggins is a comfortably well-off hobbit with a love for rousing adventure stories. Real adventures, however, are definitely not his cup of tea. So when Gandalf the wizard knocks at Bilbo's door, bringing with him Thorin Oakenshield, 11 ragged looking dwarfs and a contract for an adventure to recover the lost treasure of Lonely Mountain, Bilbo could not be less interested—at first. But Bilbo's love of a good story gets the better of him, and before he knows it, he is off on a perilous quest over mountain and under hill through caves and forest and slimy dark places.*
